Dear Magalie Salas:

I am writing to express my dissatisfaction with the proposed Broadway project planned for the Long Island Sound. As a lifetime resident of Long Island, the preservation of our natural resources: our beaches, parks and open spaces, is of utmost importance to me and my family. It's what makes Long Island the special place it is to live. At the request of the Citizens Campaign for the Environment, I am writing to protest the Broadway project: it is too costly, risky and not needed in the Long Island Sound. In addition, the constant armed private security disrupts the peaceful, tranquil waters of the Sound. I don't want this to be another possible terrorist target, and in our own backyard no less.

This sets a dangerous precedent for the future of Long Island and I hope you will do what you can to oppose and stop this project.

Sincerely,

Barbara and Fred Grant
